## DPAS - The Perfect Choice

The conversion from NHS and mixed practice to fully private practice can be a daunting thought for practitioners. But with DPAS at your side, you can be sure that with their expertise and knowledge, the process will run as smoothly as possible.

Your practice. Your patients. Your choice.

For dentists who wish to offer their patients ‘practice branded’ dental plans, DPAS are the answer. DPAS understand that every practice is different and that all patients have different needs, so they offer you the plan that best suits you and your patients’ needs.

Offering your patients dental plans will mean that you can safeguard your income by making private dentistry affordable for patients, thus guaranteeing their attendance. DPAS can help you meet the needs of your practice and your patients by providing straightforward, effective dental plans that deliver quality at the lowest charges.

Being a leading provider of cost effective ‘practice branded’ dental plans, there is really no contest when it comes a choice between DPAS and any other payment plan provider.

DPAS are the perfect partner to help you with the conversion to a fully private practice. For more information please call 01747 870910 or visit [www.dpas.co.uk](http://www.dpas.co.uk)
