

Growing Your Practice

Do you already have a plan provider who isn't offering the service you deserve?

Or do you have an NHS practice and recently decided to consider independence?

Alternatively, do you have a largely 'fee-per-item' practice in which you would like to introduce plans to safeguard your income?

Would you like a better understanding of how to attract and retain patients?

If you can answer yes to any of the above questions then we strongly advise that you attend one of the free 'Growing Your Practice' seminars taking place across the U.K.

Following the highly successful run of seminars during 2008, attended by over 500 dental practitioners, DPAS will be hosting a new series of 'Growing Your Practice' seminars in conjunction with selected service providers. They will include financial advisers, practice management consultants, NASDA accountants and dental industry speakers. We are offering our expertise to help you make the right decision for **your** practice and **your** patients in these times of great change.

Following a champagne reception and the evening presentations, taking place between 19.00-20.30, a three course meal will be served. We look forward to seeing you at one of the venues listed.

To book your place at one of these evening seminars simply:

CALL: [01747 870910](tel:01747870910) and ask for the Events team
WWW: Visit the events page at www.dpas.co.uk and register

Three hours verifiable CPD awarded

Your practice. Your patients. Your choice.
