Help Patients Fight the “Credit Crunch”!

The need to help patients spread the cost of their dental treatment is now even more apparant as the “credit crunch” starts to bite. As a leading provider of cost-effective, practice branded, dental payment plans, DPAS believe in providing practices with a solution that not only helps retain patients but also attracts new ones, even in these times of financial hardship.

A DPAS Payment Plan enables your practice to offer a combination of membership, maintenance and/or capitation schemes, specifically designed to suit your patients’ individual needs. A flat monthly practice fee, that has remained unchanged since 1996, is charged irrespective of the number of dentists, patients and plans you have, making a DPAS plan highly cost effective for practices with over 300 plan patients.

Whether you are changing from another provider or making the transition from NHS to private practice, DPAS provide a unique blend of choice, flexibility and operational freedom that makes the financial aspects of practice easy to manage.

For more information about offering a cost effective practice payment plan call DPAS on 01747 870910 or visit www.dpas.co.uk.
