

Join the Celebration

DPAS is inviting visitors to this year's Dental Showcase to join them on Stand B22 for cake, games and prizes in celebration of the company's 15th anniversary.

Since 1996 DPAS has been a leading provider of cost effective administration services for dentists who want to enjoy the benefits of a dental plan, whilst maintaining and promoting the integrity of their own practice brand.

DPAS have the experience and expertise to help you create and establish a plan specifically designed around your patients' needs, using your own practice branding to help further establish your market position and ultimately increase the value of your practice.

Whether considering conversion from the NHS or working within an established private or mixed practice, DPAS have everything you need to support the introduction and on-going promotion of your plan, without the costly extras often associated with other providers. For the past 15 years, DPAS have been fully committed to outstanding customer service levels and have a real dedication to understanding and meeting dental team's needs, making them a natural choice for all practitioners endeavouring to find innovative ways to attract and retain patients, while also securing their finances.

To find out how a DPAS practice branded dental plan can work in your practice, join us at Dental Showcase, Stand B22, call 01747 870910 or visit www.dpas.co.uk
