

## **DPAS Dental Plans launch online registration**

As part of DPAS' flexible, comprehensive and effective support for dental practices, the dental plan provider will be launching a revamped Web Portal at this year's Dental Showcase, along with an online patient registration facility.

Building upon the success of the previous portal and seeking feedback from DPAS customers, the new and improved Web Portal has a whole host of additional features and gives practices the opportunity to access and amend live dental plan data 24 hours a day. Real-time reporting and intuitive software makes plan performance tracking more simple and efficient than ever, while the introduction of online patient registration means that patients can now be registered immediately in practice, or can sign up from the comfort of their own homes at a time to suit them.

As part of DPAS' continuing commitment to reducing its impact on the environment, and in keeping with its ISO14001 accreditation, the new Web Portal will reduce paperwork for everyone and help practices to promote their own green credentials.

**The DPAS Web Portal and online patient registration will be launched at BDIA Dental Showcase. To see how your practice and patients can benefit visit DPAS on Stand F11, call 08456 802 820 or email [enquiries@dpas.co.uk](mailto:enquiries@dpas.co.uk).**
